

TUC 2006

2006 TUC Teams Announced

The new 2006 TUC teams have finally been sorted out with players playing for the regional area in the new 3-team competition. The three regional areas of Hobart being represented are Northern, Central, and Southern suburbs. Each team has been allowed to sign 3 players from outside of their region.

The Northern Suburbs includes all of Glenorchy City, Lenah Valley, and Newtown. Tim Phillips has been contacted and has confirmed he will be coaching this team on a 1 year trial basis with a convincing "Yeah, why not!"

The Central suburbs include Hobart, West Hobart, North Hobart, South Hobart, and Battery point. This team, which includes the fierce and mean mannered players of the likes of David Cooke and Ken Suber, have managed to scare off any potential coaches with their ill temper and verbal threats. Shavown who was the favourite to take control of this team has been forced to run away to Antarctica in fright but may muster the courage to return later in the year and take the coaching position upon herself.

The Southern Suburbs team that consists of player from Sandy Bay,

Mt Nelson and anything further south, has signed Ash Martens as their coach for the 2006 season.

The first game is being scheduled for 5th of February with the Central suburbs to take on Ash and her stacked Southern team. Each team will still need to come up with a name and a Captain for the season with no team as yet releasing the secrete information of the colour of their team strip.

The team squads as they stand at the moment.
